KumikoMiso says It's been interesting horror stories. En Nagai Yume se explora la naturaleza de los sueños y la presencia de los terrores más psicológicos. He says that she is his wife whom he met in the hospital and they have now been together for thousands of years. Kuroda is able to explain to Mukoda that his life with Mami was yet another dream. He reasons that since she fears death and thus, nothingness, reaching a state of eternal dreaming will enable her spirit to live forever. He has become obsessed with his "research" and believes that eventually, all of humanity will want to enter the endless dream. Mukoda calls for Mami and goes to her room, but she screams and declares that death has come back to get her. Shortly after this, Mukoda records his longest dream yet. Their stories are also bite-sized, which helps them from being too boring. Una de las tantas historias cortas de terror, por la mano y mente maestra del género, Junji Itô. Both are pretty detailed in the stories and not much background info is needed for any of them. It doesn't use gore or violence to try to get it's point across. Mami begins to have "long dreams" like Mukoda and when questioned, Kuroda admits he administered parts of Mukoda's remains to her. The two are horror, have short lived characters, and have good atmospheric buildup. If you enjoyed one, check out the other. Entonces, si tienes más de la edad legal de 18 años.Haga clic aquí para continuar la lectura. Junji Ito Collection has multiple sets of stories centered around multiple monsters that are also episodic. Collection of course is more detailed in the anime, whereas Yamishibai is more 2 dimensional like a paper puppet play (which is what it kinda is through the series). Kari5 says Both Collection and Yamishibai are horror anime that are very spooky and focus more on suspense than gore. Maverynthia says Both are creepy and disturbing and rely on things that aren't always shown. All available to watch right here, right now! Step right up and gaze upon tales of horror and wonder, of urban legends and terrifying mysteries alike. 1 person thinks you'll like this
Rascal says Boogiepop Phantom is a loosly collected accumulation of episodic horror stories surrounding the titular Phantom, Boogiepop- an angel of death. JadedDragos says Both of course have to do with the horror genre and both are good in their own way. Kuroda studies the crystals but can't find a link to Mukoda's condition. Over time, events that happened yesterday now seem like fifty years or more ago to him, and he begins talking as if he came from a different century. Over all, it's up to the one watching to decide the better, but I recommend both for a watch. The doctors have no idea what to do with him, but each night, his dreams become one year longer. I personally like Yamishibai better, due to it being short stories and doesn't seem to be drawn out, needing to get that scare factor. When dawn breaks his body shatters into a pile of crystals, his body having grown too old to keep pace with his dreams. She claims that the personification of death has visited her and that she is going to die soon. Long Dream is among the most famous of Ito's short stories, and received a live-action television film adaptation in 2000, as well as an animated adaptation in the second episode of the 2018 anime Junji Ito Collection. Plot A girl named Mami is in hospital where she is awaiting brain surgery. She pleads with Dr. Kuroda to save her, but Kuroda believes she is delusional. So, for Junji Ito fans some episodes can be really useful. The nature of the horror with its twilight zone feel is also similar.

Sinopsis: Mukoda Tetsuro ur teme a lo que espera en sus sueños. He ages to look like an extremely old man. Experiencias extenuantes que han llegado a durar hasta meses en una sola noche de dormir; asegura al Dr. Kuroda, quien inicialmente escéptico termina por obsesionarse con el caso al contemplar el empeoramiento de su paciente cuyos sueños se hacen más longevoas cada día, de días a meses, de meses a años e incluso décadas, creándose así una oscura interrogante: ¿puede soñar infinitamente en una noche? From a man who suffers a mysterious accident on a business trip, to a boy who witnesses a horrifying family secret, to even a man who's certain he's being watched by a long-haired, creepy woman, there's plenty of harrowing stories to be... Kuroda realizes that Mukoda dreamed of her as his wife after he first saw her in her room.
